comfort. convenience. safety. magic.

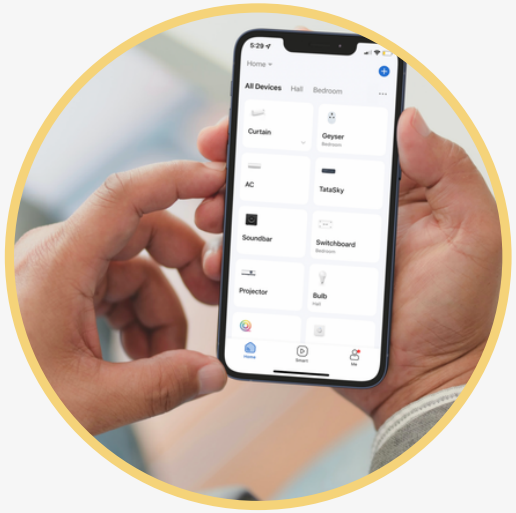
We are not a company. We are a promise.

makes your life simpler, safer and more entertaining.

Our home automation solutions are designed to make your mornings easier and your nights calmer while enabling you to save big on energy consumption. Atbik handles your day to day chores and stresses, while you can focus on what's truly important. With our tech, feel safer than ever.

make every home a **Atbik**

Dealing with multiple brands, their own ecosystems, different compatibilities, very high pricing and varying quality standards has made owning a smart home an impossibility for its aspirants. Atbik is on a mission to ensure that it not only reaches out to everyone as a mere concept but as a fully experienced reality and make every household experience Fine Living.



unparalleled convenience

your home in your hands

Use Atbik to monitor and manage your home settings from anywhere in the world and have all your appliances, lighting and security at your finger tips using the Atbik™ app. Experience the magic of connectivity and unparalleled convinience.

security simplified

give your worries a break

Use our devices to monitor your home inside from your smart phone. Get notified when your kids are back from school or when any intrusion is attempted, keeping your loved ones safe & secure. With Smartspace, security is more effective.

AUTO PILOT HOME

a home that works on your schedule

Now your home can keep up with your busy schedule. Atbik lets you automate your home so your mornings are easier and your nights are calmer. Pre-schedule or pre-program your devices from your smartphone to follow your routine.

- 5:30 AM - GEYSER TURNS ON
- 6:00 AM - CURTAINS OPEN
- 7:30 AM - COFFEE READY
- 1 PM - VACUUM CLEANING
- 3 PM - WASHING MACHINE ON
- 6 PM - PORCH LIGHTS ON

Atbik

is energy efficient & eco friendly

Smart homes save energy and heat, which is why they are eco-friendly and can even be cheaper to live in. The beauty of the way in which smart homes save energy is the elegance of it. They dont restrict your energy consumption nor do they try to force you into doing so. Instead, they keep track of your lifestyle and find ways to optimize energy usage. Furthermore, they are designed to make the most out of available energy. If you factor in all of that, it is no surprise that smart homes can sometimes **save 30-40 %** of energy. And how do smart homes manage to save so much energy? Well, here are a few ways how.

Atbik lets you monitor and manage compatible home appliances to check energy usage, compare it with others and use saving functions to lower your energy bill. Our room occupany sensors, AC and geyser automations amongst others help reduce energy wastage significantly.

WHY Atbik

easy installation

Our products are fast, non-disruptive and easy to install and can be quickly setup without the need for renovation/rewiring.

support & service

Our team works diligently to make a smart home journey very easy to adapt to for our customers through world class online and offline support at each step.

affordable

Our solutions are designed to make them accessible to common public. Our pricing ensures smart homes can be a reality for each and every household.

customisability

Our solutions can be easily configured to be integrated to your current ecosystem and suits to both prebuilt & traditional as well as newly made infrastructures.

talk to your home

smartspace works with

GOOGLE ALEXA SIRI

All of Atbik's devices and products can be operated using voice commands.

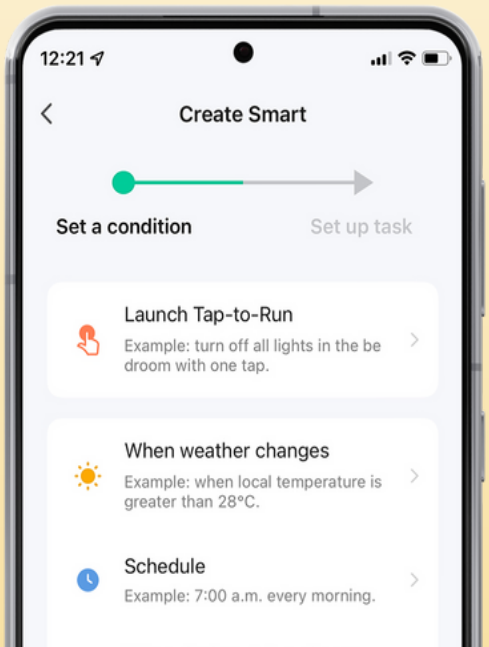
Just say it to your inbuilt phone voice assistants or smart speakers like Amazon Echo, Google Home and Apple Homepod and let them do the rest.

"alexa,turn on the light."

"hey google, open the curtain."

Atbik

MOBILE APPLICATION

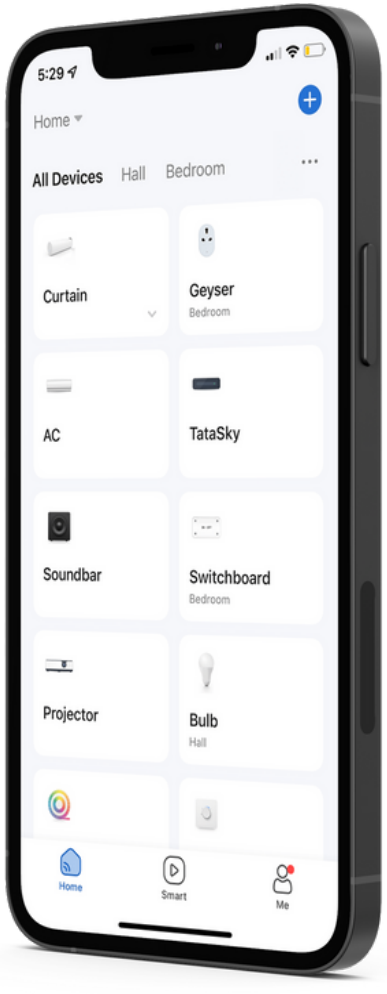


A single experience that supports your whole home

Get your house in order room by room. Arrange all your smart devices based on rooms.

Share access of all the smart devices to your family members in just a click.

Get notified when certain events occur. Take appropriate action through the app.



Effortless user experience and easy use has been kept in mind while designing the app.

With widgets, access all your scenes and devices right from the phone's home screen.

Customize your home automations and set schedules or routines for your smart devices.

OUR SOLUTIONS

Atbik is a one stop solution for its smart home customers. With one ecosystem, managing and adapting to a smart home becomes much easier for the user. With everything controllable using a single app, the user can easily create automations and control multiple devices with one click of a button. All our devices are equipped with the latest technologies of IFTTT which makes them self reporting.
